THREE SUMMERS 2019
MISCELLANEOUS ITEMS

**Clothing**
Comfortable, casual clothes and one semi-formal outfit for the banquet are suggested.

**Conferences and Compacting**
Instructors and staff are available for individual conferences. Please arrange your appointment as needed. Students who request course compacting should make appointments for pretests with their instructor as soon as possible. The pre-testing can occur on a date agreed upon by your instructor.

**Grades and Assignments**
Due to the compacted nature of the summer session you can expect approximately three hours of homework each evening. All assignments are due by the deadline set by your instructor(s).

**Do you plan to graduate in August 2019?** Check with instructors for deadlines as they need time to evaluate your work before the August 24 conferral deadline. Faculty must submit all grades by August 9, 2019. We strongly urge you to have all coursework and comprehensive exams completed by August 1.

**Letters of Recommendation and Employment Opportunities**
**Letters of Recommendation (Two Weeks’ Notice Please)**
Ask a member of the faculty if they are able to write a letter on your behalf. Send specifics, such as job postings, a resume, and some bulleted items you wish to have highlighted in the letter.
